MESSAGE FROM THE PRINCIPAL

Dear parents,

I hope this message finds you well! The academic year of 2022 – 2023 was an incredible year. We have faced challenges that seemed impossible to get through, however, we accomplished great things working together as a team. From being young and playful, our children have grown up to be ambitious, clever and kind-hearted students that are ready to take on new chapters of their lives!

It was wonderful being there for each of their milestones, first time holding a pencil, first time writing and reading, we have worked really hard to educate and bring up students. It is also a time to recognise the outstanding work of the staff and the parents for supporting the school in providing the best opportunities for our students to learn and grow in an exciting environment filled with care.

Life is not just about learning to read and write. They are important, but just as important as love and friendship. This school places great emphasis on being part of the community. This is a lifelong skill which will help all of us flourish. A sense of community and teamwork is very important to the future of our nation and our children.

Looking ahead, our children are very well-equipped to take on the next part of their educational lives. They have strong foundations, and we feel very confident that we have given the children a great start in life. They have learned many priceless lessons.

We hope to see you next year! Wishing you a happy Eid and summer holidays

If you have any questions, do not hesitate to ask!
