MESSAGE FROM THE PRINCIPAL

Dear parents,

I hope this message finds you well! We are now excited to resume our work and studies with the children after a restful spring vacation and the Holy month of Ramadan.

This May we have resumed with a force of love and excitement! The EYFS section has planned several events to celebrate before we end an incredible academic year. We start off with wonderful colour events; Green and Orange Days! It is the colour of spring; green brings out the fresh look of our activities and shows growth! Following that we have trips for the whole section! Year 1 visited the Fun Point interactive play area, FS2 had an immersive zoo experience and FS1 had an underwater adventure. We love exposing children to our environment and teaching them important parts of life, which are our Flora and Fauna, it promotes care and nurture in children.

There was an event that celebrated every person in our school! An international picnic day is a wonderful event bringing students together to celebrate each other's differences and learn to love and respect every country and nationality. The event really signifies the vitality of cultural tolerance and mutual respect for the rich diversity in the UAE. At EYFS we strive to help children utilize their full potential and uncover hidden talents and in order to achieve it, we hosted a SIPS got talent! The most fun, energetic and dazzling show has proven that we have plenty of talent and the children loved to share them with us.

This brings us immense joy to experience first-hand how children discover our world, we hope to share more events with you!

If you have any questions, do not hesitate to ask!

LANA KOYI

School Principal

GREEN DAY!

This amazing colour represents growth and new beginnings. On this day children brought toys and fruits to talk about them. Each colour activity promotes speaking skills and cognitive skills. students start to realise their surrounding environment and how it affects them every day.

YEAR 1 TRIP

Our year 1 students got the chance to explore wonderful attractions at the Fun point centre. They tested their artistic skills, as well as physical ones. The amusement park encourages children to try everything new, helps build endurance, strength, agility. These centres widen the social circle of a child, improves social skills and creates teamwork.

TRIP FS 2

Flora and Fauna are an essential part of our lives, especially when caring for our world. The FS 2 trip was centred around building strong connections of the child to nature and animals, this promotes social and nurturing skills as well as feeds the curiosity and love of the natural world. The children loved exploring every bit of the animal kingdom of the desert habitat.

TRIP FS 1

It is never early to start learning, especially since our little explorers in FS 1 know that. The aquarium is an amazing world of underwater sea creatures. Children had the most adventurous spirit when discovering animals of the land, air and especially water. At this stage, it is vital to understand that our world has different places and habitats that affect us and our environment.

INTERNATIONAL PICNIC DAY!

Living in the UAE is a great opportunity to meet and live with all kinds of nationalities. Especially in schools diversity is thriving, the most important thing to learn about this is that every nationality and culture matters. We show our children that being kind and respectful towards others isn't only the correct way, but also more fun! Everyone shared a piece of their culture with food, music, toys and sweets! It is crucial for children to love everyone no matter their race and nationality!

SIPS GOT A TALENT

The EYFS section has many bright little stars that shine every day! We hosted a talent show to share with the world that our talented students have what it takes to be a star! The contestants really enjoyed performing on stage, this helps with future endeavours in shows, performances and being able to present oneself. It also helps with being a supportive audience member appreciating the work and effort the students put in to this talent show!

Orange Day

Orange is a dynamic colour and stimulates imagination and creativity. Our little kids were dressed in shades of orange, shining brightly. The children learnt various other things about the orange colour which also symbolizes enthusiasm, hope and prosperity.

UPCOMING EVENTS!

- Goodbye party.
- Graduation.
